

Welcome
to UPF

The University of Passo Fundo is a community Institution of Higher Education that was founded in 1968 to meet the needs of higher education in the countryside of the State of Rio Grande do Sul and to contribute to the regional development.

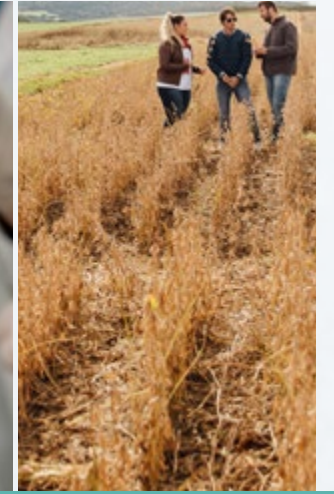

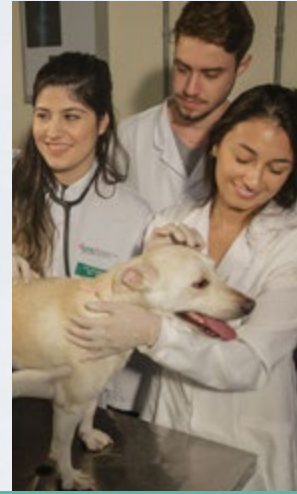

20.000

With approximately 20,000 students, the University focuses on teaching excellence, promoting research and extension besides seeking innovation technology, always helping promote citizenship and exercising humanization through actions involving the population.

9 campuses

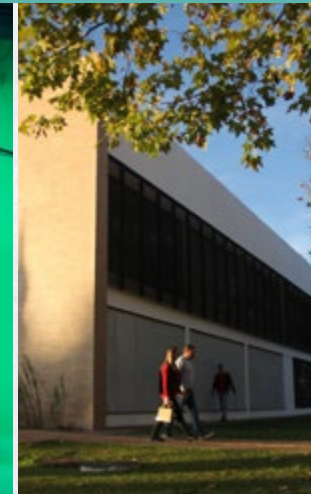

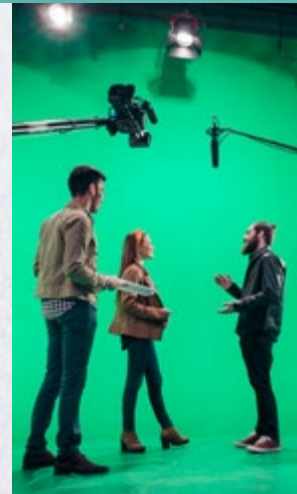

Currently, UPF covers more than 150 municipalities, with 9 campuses in the northern region of the State.

Numbers that certify
the importance.

Its infrastructure is an important differential. At UPF, you can find 150 clinics, 176 classrooms for practical-experimental teaching, 300 laboratories, 22 amphitheatres and auditoriums and 10 libraries with more than 300 thousand books available.

More than 70.000 professionals graduated in the 117 undergraduate, specialization, MBA, master, doctorate and post-doctorate programs.

Expanding possibilities for the future

The University of Passo Fundo keeps and reinforces the commitment to the development of its community through the Social University Responsibility Policy, promoting citizenship, environmental awareness, social inclusion, culture and economic development.

Development support

The Science and Technology Park, UPF Planalto Médio, UPF Parque, contributes to the responsible development of the region, aiming at approximating the University and the society, its needs and demands.

UNDERGRADUATE PROGRAM

Dentistry

GRADUATE PROGRAM

Dentistry

The International Relations Office (AII) Your passport for an amazing experience

The International Relations Office at the University of Passo Fundo is responsible for the reputation of the University abroad. It is also responsible for assisting exchange students.

Testimony

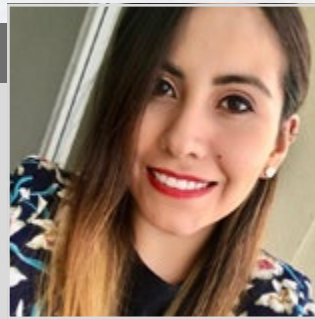

“UPF is more than a university. It is a home with a hospitable atmosphere and its members become part of your family.”

Miguel Angel Torres Ramirez
*Exchange student
University of Vigo (Spain).*

Testimony

“Studying at UPF was one of the best experiences of my life. I learned plenty of new things that are going to help me grow professionally and personally, UPF is one of the best universities, I loved it.”

Ana Karina Bracho Leza
*Exchange student
The Autonomous University of Coahuila (Mexico).*

Testimony

“The choice to attend Pharmacy at the University of Passo Fundo (UPF), in Brazil, was the best opportunity and experience for me. UPF is a quality university with great infrastructure that provided me all the necessary attention in order to make me feel at home. I have been learning through academic projects, research and lessons taught by qualified professors in order to be an excellent professional. Furthermore, this exchange program has expanded my circle of friends with amazing people, what has changed my way of thinking and interacting with people from other cultures.”

Celestin Kabasele Kalala
*PEC-G Exchange Student
(Democratic Republic of Congo).*

We want you here

More than a study journey. At the University of Passo Fundo, you will live a new culture, increase your knowledge and qualify your curriculum through an unforgettable international experience.

Partnership for a life time

The exchange student's hospitality is essential. Bearing this in mind, UPF has created the Program UPF Friend. Through it, academics assist exchange students to be integrated into the university environment and the local community.

Far from home. Close to the family.

In order to provide more comfort for exchange students, UPF offers the Program Host Family. Professors and academics host in their homes students from partner universities. AAll promotes the contact between students and host families, making the cultural exchange among the participants of the program possible.

We speak the same language

The daily communication and a better inclusion of the foreign exchange student in the academic environment are permanent worries of the University. This is why UPF offers exchange students the discipline of Portuguese for Foreigners.

Sport Promotion

Through the Project Future Athlete, also available for exchange students, sports are encouraged. It is possible to take different sports such as volleyball, basketball, judo, karate, swimming, dancing, athletics, futsal, soccer and taekwondo.

Learning Extension

Exchange students can also participate in lots of extension projects offered by UPF, which are extracurricular activities involving the community assistance, such as the Inclusive Equine Education and the Voluntary Smile.

Apply for an exchange program:

Academic Calendar
